Application for the 3-room apartment at Universitätstrasse 63, 8006 Zurich

Dear Mr./Mrs. Name Contact Person,

We, Milla Müller and Kevin Keller, would like to introduce ourselves to you as applicants for the above apartment.

Milla Müller is a florist and works full time in the flower store "Blumenliebe" in Zurich's old town. Kevin Keller is studying mechanical engineering at the ETH and works 20% at the helpdesk of the IT department in the "Unispital" besides his studies. The joint income is 6000 Swiss Francs per month.

In our free time we like to be active, go skiing, hiking and dance Lindy Hop. In addition, Kevin Keller volunteers to help with university sports events, while Milla Müller organizes a monthly poetry slam.

Due to a complete renovation, we must leave our current apartment within the next three months and are therefore now looking for a new home close to the city. The apartment you have advertised is exactly what we are looking for, not only in terms of size and layout, but also in terms of location. Our daily travel distances would be short, and we appreciate the proximity to the Zürich Berg, the old town, and the surrounding shopping facilities.

We would therefore be very pleased to receive a positive response.

With kind regards
Milla Müller and Kevin Keller
